*64180	3	DART G200AB	Advanced Web Design w/Dreamweaver CS4	6:00-10:15 W	C. Cunningham

The Digital Arts Program at Golden West College offers 3 Certificates in Specialization and 1 Digital Arts Certificate of Achievement. These certificates prepare students by providing them with knowledge and skills critical for successful employment in the current design industry. Classes in the department can be taken without being in the certificate program and many of these classes are also transferable to the CSU/UC systems. All classes are in the Macintosh Labs in the Fine Arts building at Golden West College.
